Film makers, Robert and Yvonne Lamothe, are from the Boston area and will be attending the showing to talk about the making of the film and their efforts to promote the “teacher voice” in the ongoing debate about education reform.

Following the showing, Brian LaPierre, AFT-MA political organizer, will conduct a Focus Group Discussion with attendees, providing information about the Stand For Children (SFT) Ballot initiative and AFT’s response.

This is a wonderful opportunity for us to meet and work with our colleagues in Lowell and to end the school year watching a movie about teachers and teaching that will actually make you feel good and validate much of what teachers believe and do. It is also an opportunity to learn more about the SFC ballot initiative, which will help inform future conversation about it.

Please RSVP to virginia.cramer@comcast.net as space is limited. Hope you will be able to attend.
