1980 Dahlia Street, Denver 80220

October 15th, 6:00 – 8:00 p.m.

# TEACH

## TEACHERS ARE TALKING IS THE NATION LISTENING

A Documentary  
Made by and About Teachers

*Engage in a lively panel discussion  
with educators about how to improve  
the quality of the teaching and learning  
for all children.*

All are welcome:  
teachers, parents,  
and community members.

*Sponsored by Club 30*

*The first showing in our education film series.*

Please RSVP to [globalteacher@comcast.net](mailto:globalteacher@comcast.net)

TEACH, Teachers Are Talking, Is the Nation Listening brings an important perspective to the national education debate that is currently being dominated by a corporate led agenda to privatize education and blame teachers for everything that is wrong with education in this country. This documentary takes on many questions about No Child Left Behind, high stakes testing, unequal distribution of education resources, and schools dominated by data driven curriculum instead of providing an education that is dynamic, creative, exciting, and joyful.
